Anarchism & Real Democracy

Collaborative decision-making

How to make
decisions that are
coercive to no one?

How to make
decisions that
include all voices?

- listen to all concerns & ideas
- seek synergy among the ideas
- find solutions that work for everyone

Collaborative decision-making

How to make
decisions that are
coercive to no one?

How to make
decisions that
include all voices?

- listen to all concerns & ideas
- seek synergy among the ideas
- find solutions that work for everyone

How to ensure a
collaborative
conversation?

Collaborative decision-making

Collaborative decision-making

How to ensure a collaborative conversation?

How to deal with large-scale issues?

Collaborative decision-making

How to ensure a collaborative conversation?

- **subsidiarity**
include only constituencies affected by the decision

How to deal with large-scale issues?

Collaborative decision-making

How to ensure a collaborative conversation?

- **subsidiarity**
include only constituencies affected by the decision
- **appropriate process**
use effective group processes

How to deal with large-scale issues?

See: <http://www.co-intelligence.org/CI-Practices.html>

Collaborative decision-making

How to ensure a collaborative conversation?

- **subsidiarity**
include only constituencies affected by the decision
- **appropriate process**
use effective group processes
- **time investment**
allow enough time for conversation to converge

How to deal with large-scale issues?

Collaborative decision-making

How to ensure a collaborative conversation?

- **subsidiarity**
- **appropriate process**
- **time investment**

How to deal with large-scale issues?

Collaborative decision-making

How to ensure a collaborative conversation?

- **subsidiarity**
- **appropriate process**
- **time investment**

How to deal with large-scale issues?

- **proposals from constituencies**
each constituency reaches consensus on the issues

Collaborative decision-making

How to ensure a collaborative conversation?

- **subsidiarity**
- **appropriate process**
- **time investment**

How to deal with large-scale issues?

- **proposals from constituencies**
each constituency reaches consensus on the issues
- **outcomes from councils**
delegations meet from constituencies, to harmonize proposals

Collaborative decision making

How to ensure a collaborative conversation?

- **subsidiarity**
- **appropriate process**
- **time investment**

How to deal with large-scale issues?

- **proposals from constituencies**
each constituency reaches consensus on the issues
- **outcomes from councils**
delegations meet from constituencies, to harmonize proposals
- **iteration**
if all constituencies don't agree with outcomes, reconvene councils with new proposals

Principles of collaborative decision-making

- **subsidiarity**
- **appropriate process**
- **time investment**
- **proposals from constituencies**
- **outcomes from councils**
- **iteration**

Principles of collaborative decision-making

- subsidiarity
- appropriate process
- time investment
- proposals from constituencies
- outcomes from councils
- iteration

***If we can make large-scale decisions collaboratively,
then we've learned how to govern ourselves!***

Principles of self-governance

- **subsidiarity**
- **appropriate process**
- **time investment**
- **proposals from constituencies**
- **outcomes from councils**
- **iteration**

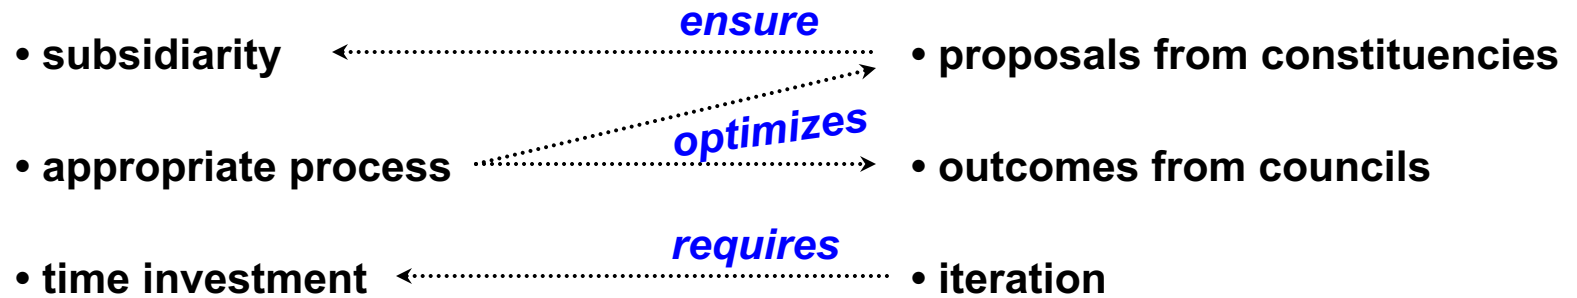

Principles of self-governance

- **subsidiarity** ←.....*ensure*.....
- **appropriate process**
- **time investment**
- **proposals from constituencies**
- **outcomes from councils**
- **iteration**
